

"The Painless Hemorrhoid Treatment"™

Some Important Reasons for Considering the *Ulroid*® Hemorrhoid Management System

- ***Ulroid*®** is *The Painless Hemorrhoid Treatment* because the base of internal and mixed hemorrhoids is found in an area without nerve endings located above the “dentate line.” Treatment here is painless.
- There is no pre-procedure preparation.
- ***Ulroid*®** treats internal and mixed hemorrhoids.
- ***Ulroid*®** treats Grades I, II, III and some Grade IV hemorrhoids.
- ***Ulroid*®** is done in the doctor’s office.
- There is no anesthesia required.
- There is no hospitalization.
- ***Ulroid*®** is a six-to-12 minute treatment.
- ***Ulroid*®** uses a minute electric current (two-16 milliamps) to cause the salt water in the body’s cells to dissociate and then recombine to form a caustic sodium hydroxide solution which causes the cells within the hemorrhoid to dissolve leaving a liquid that is naturally reabsorbed by the body.
- There is no burning (lasers), no heat at all. There are no rubber bands or staples. Finally, there is no cutting.
- The patient is able to leave the doctor’s office without pain and resume normal daily activities directly after the ***Ulroid*®** procedure.
- Patients often report immediate relief after one ***Ulroid*®** treatment.
- There are no post-procedure check-ups with ***Ulroid*®**
- In more than 30,000 cases, ***Ulroid*®** has had no history of direct or secondary infection associated with the procedure.
- The use of ***Ulroid*®**’s disposable, sterile, single-use probe kit prevents reuse and associated threats of cross-contamination.
- Multiple treatments are associated with higher grade hemorrhoids and the quantity of sites needing treatment.
- ***Ulroid*®** is FDA-cleared.
- ***Ulroid*®** is honored by Medicare and most major insurers.
- ***Ulroid*®** is used by general practitioners, gynecologists, gastroenterologists, surgeons, DOs etc.
- ***Ulroid*®** is a simple procedure that allows for efficient training times.
- Some states allow trained medical assistants, physician’s assistants and nurses to apply the ***Ulroid*®** procedure with doctor supervision.
- 50% of people over the age of 50 suffer from hemorrhoids. As many as 80% of us will suffer with this painful disease in our lifetimes.
